MLX GU10 dimmbar

GU10 / 5W / 24V / 60º / 4000K / black

Neutral white 2500K light, 60° beam angle, dimmable with 24V, CRI 97, efficient and smart – perfect for modern lighting concepts.

Product Number MLX100011.5
Weight 0.049kg

Product Description

Compact GU10 LED for neutral light

The MINALOX GU10 LED lamp with 5 watts is an efficient solution for anyone who wants to integrate neutral white light into their 24V system. With a luminous flux of 390 **lumens,** it is suitable for a wide range of applications – from living spaces to work areas.

Dimmable and compatible with LOXONE

Thanks to **its 24V DC input voltage**, the lamp is ideal for LOXONE smart home systems and can be controlled directly via the RGBW dimmer. The **60° beam angle** allows for wide light distribution, perfect for area lighting with low power consumption.

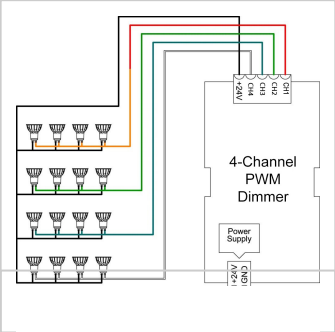

Natural light with high colour rendering

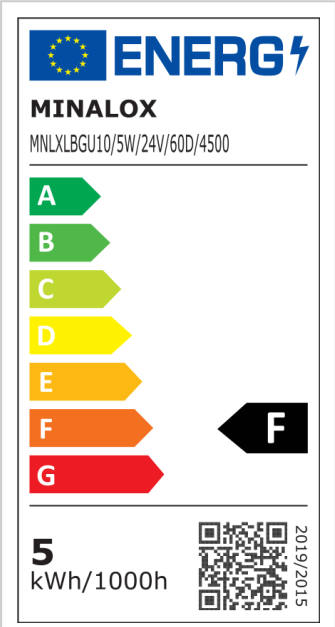

With a **CRI value of 97,** the lamp offers excellent colour rendering – colours appear authentic and clear. Thanks to its compact format and WEEE-compliant disposal, the GU10 light source is a sustainable and durable solution for modern lighting systems. The **5-year warranty** underlines the high quality standards.

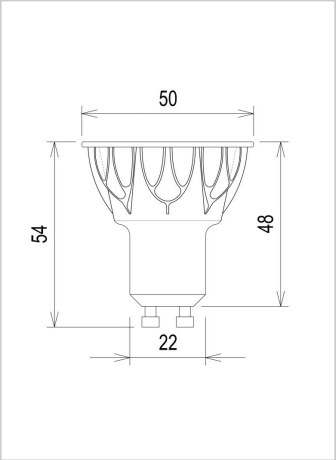

Properties

warranty	5 years
Colour rendering index (CRI)	95
beam angle	60
height	54 millimetres
Brightness in lumens	500 lm
Service life in hours	30,000
setting	GU10
Colour	Black
diameter	50 millimetres
colour temperature	4500K
power	5W
input voltage	24V DC
Dimmable	Yes
Dimming Typ	PWM
